Federations are kindly requested to inform their national media on the outcome of the draw.

We take this opportunity to re-confirm the adopted system as far as the logistical arrangements for the appointed referees and delegates for all matches to be played in this season's Cup Competition games are concerned

The procedure already used during the last season will substantially ease the administrative duties of Clubs, avoiding therefore any direct contact between themselves and officials appointed for the games.

All travel and accommodation arrangements for the appointed referees and delegates as well as the administrative procedures will be taken care by the tour operator, Events & Travels under the supervision and acknowledgement of LEN.

The organising Clubs of one of the first rounds of both men's and women's Cup Competitions as well as those Clubs passing to the next stages of their respective Cup must therefore wire the estimated costs of the logistical arrangements to Events & Travels directly, upon a convenient payment schedule to be established by LEN.

However clubs organising a Qualification Round have to arrange the local transport (to and from the airport, hotel and competition venue) for the appointed Delegate and Referees and for the participating teams.

In addition the organising club will be also responsible for the payment of the sixty Euro (60 - €) per diem for each day of stay (including travel days) of the delegates and referees.

We remind you also that the visiting teams are to pay their own travel and accommodation costs. Organising clubs may propose and recommend hotels to the visiting teams but the final decision regarding accommodation has to be taken only by the visiting team. It is advisory that all booking procedures are dealt in writing.

A detailed information package will be sent to all Clubs entering the competitions shortly.

As usual all clubs and all involved Federations will receive via priority mail a book of extensive information related to the 2009-2010 European Water Polo Club season. This info-kit should reach you, depending on the mail service, latest by beginning of September. It will contain all relevant contact numbers of clubs, delegates and referees. If needed please do not hesitate to contact the LEN Office via phone, fax or e-mail should you need the contact numbers beforehand.

Water Polo Club Competitions

Hope all these information are of some assistance to you. We take this opportunity to express our sincere thanks in advance for your collaboration, wishing you all success for the new European Water Polo Club Cup Competition season.

With best regards,

LEN Office
