Message from European Aquatics President

Dear athletes,

It gives me great pleasure to introduce this Information Bulletin containing practical information to help you organise your trip to the 2025 European Aquatics Masters Short Course Swimming Championships which will be held in the Aqua Lublin aquatics centre in Lublin, Poland.

I would like to warmly thank our friends at the Polish Swimming Federation, led by President Otylia Jędrzejczak, for working so hard to prepare for a successful event and I'm confident Europe's masters' community will find a warm Polish welcome in the marvellous historic city of Lublin.

Poland is a sport loving country with rich history and increasingly known as a host of major competitions, across all sports, including the last edition of the European Olympic Games in 2023 understand the value of sport and are ready to commit to hosting major international events.

Master athletes will have the opportunity to swim in the same pool as the elite seniors, and to also enjoy the attractions of one of Poland's preferred tourist destinations. Lublin, which has a culturally rich history dating back to the 9th century, is the largest Polish city east of the Vistula River and only 153 km southeast of the capital Warsaw, so very easy to access from abroad.

Aquatics is truly a sport "for life" and European Aquatics is delighted to support participation from Masters who may have spent decades enjoying and competing in a sport they love.

You will find in this bulletin, all the key facts and information to allow you to plan and organise your participation. I look forward to seeing you in Lublin!

Message from Polish Aquatics President

Dear Athletes and Guests,

The Polish Swimming Federation is proud to host the European Masters Swimming Championships in short course, which will take place in Lublin in 2025.

This event is a great honor for us and confirms that Poland is becoming an increasingly recognized host of the most important sporting events in Europe.

Swimming is a sport for life, and Masters competition perfectly demonstrates that passion and love for sport know no age limits. Poland, as a country with a rich sporting tradition, is delighted to welcome the Masters community, creating conditions that foster both high-level performance and international integration. Lublin – a city with over a thousand years of history and a unique atmosphere – will provide participants with an exceptional setting for sporting competition.

I am convinced that the championships will bring not only satisfaction from the results achieved but also unforgettable memories of the hospitality and culture of our country. On behalf of the Polish Swimming Federation, I wish all participants successful performances, sporting excitement, and many reasons to be proud.

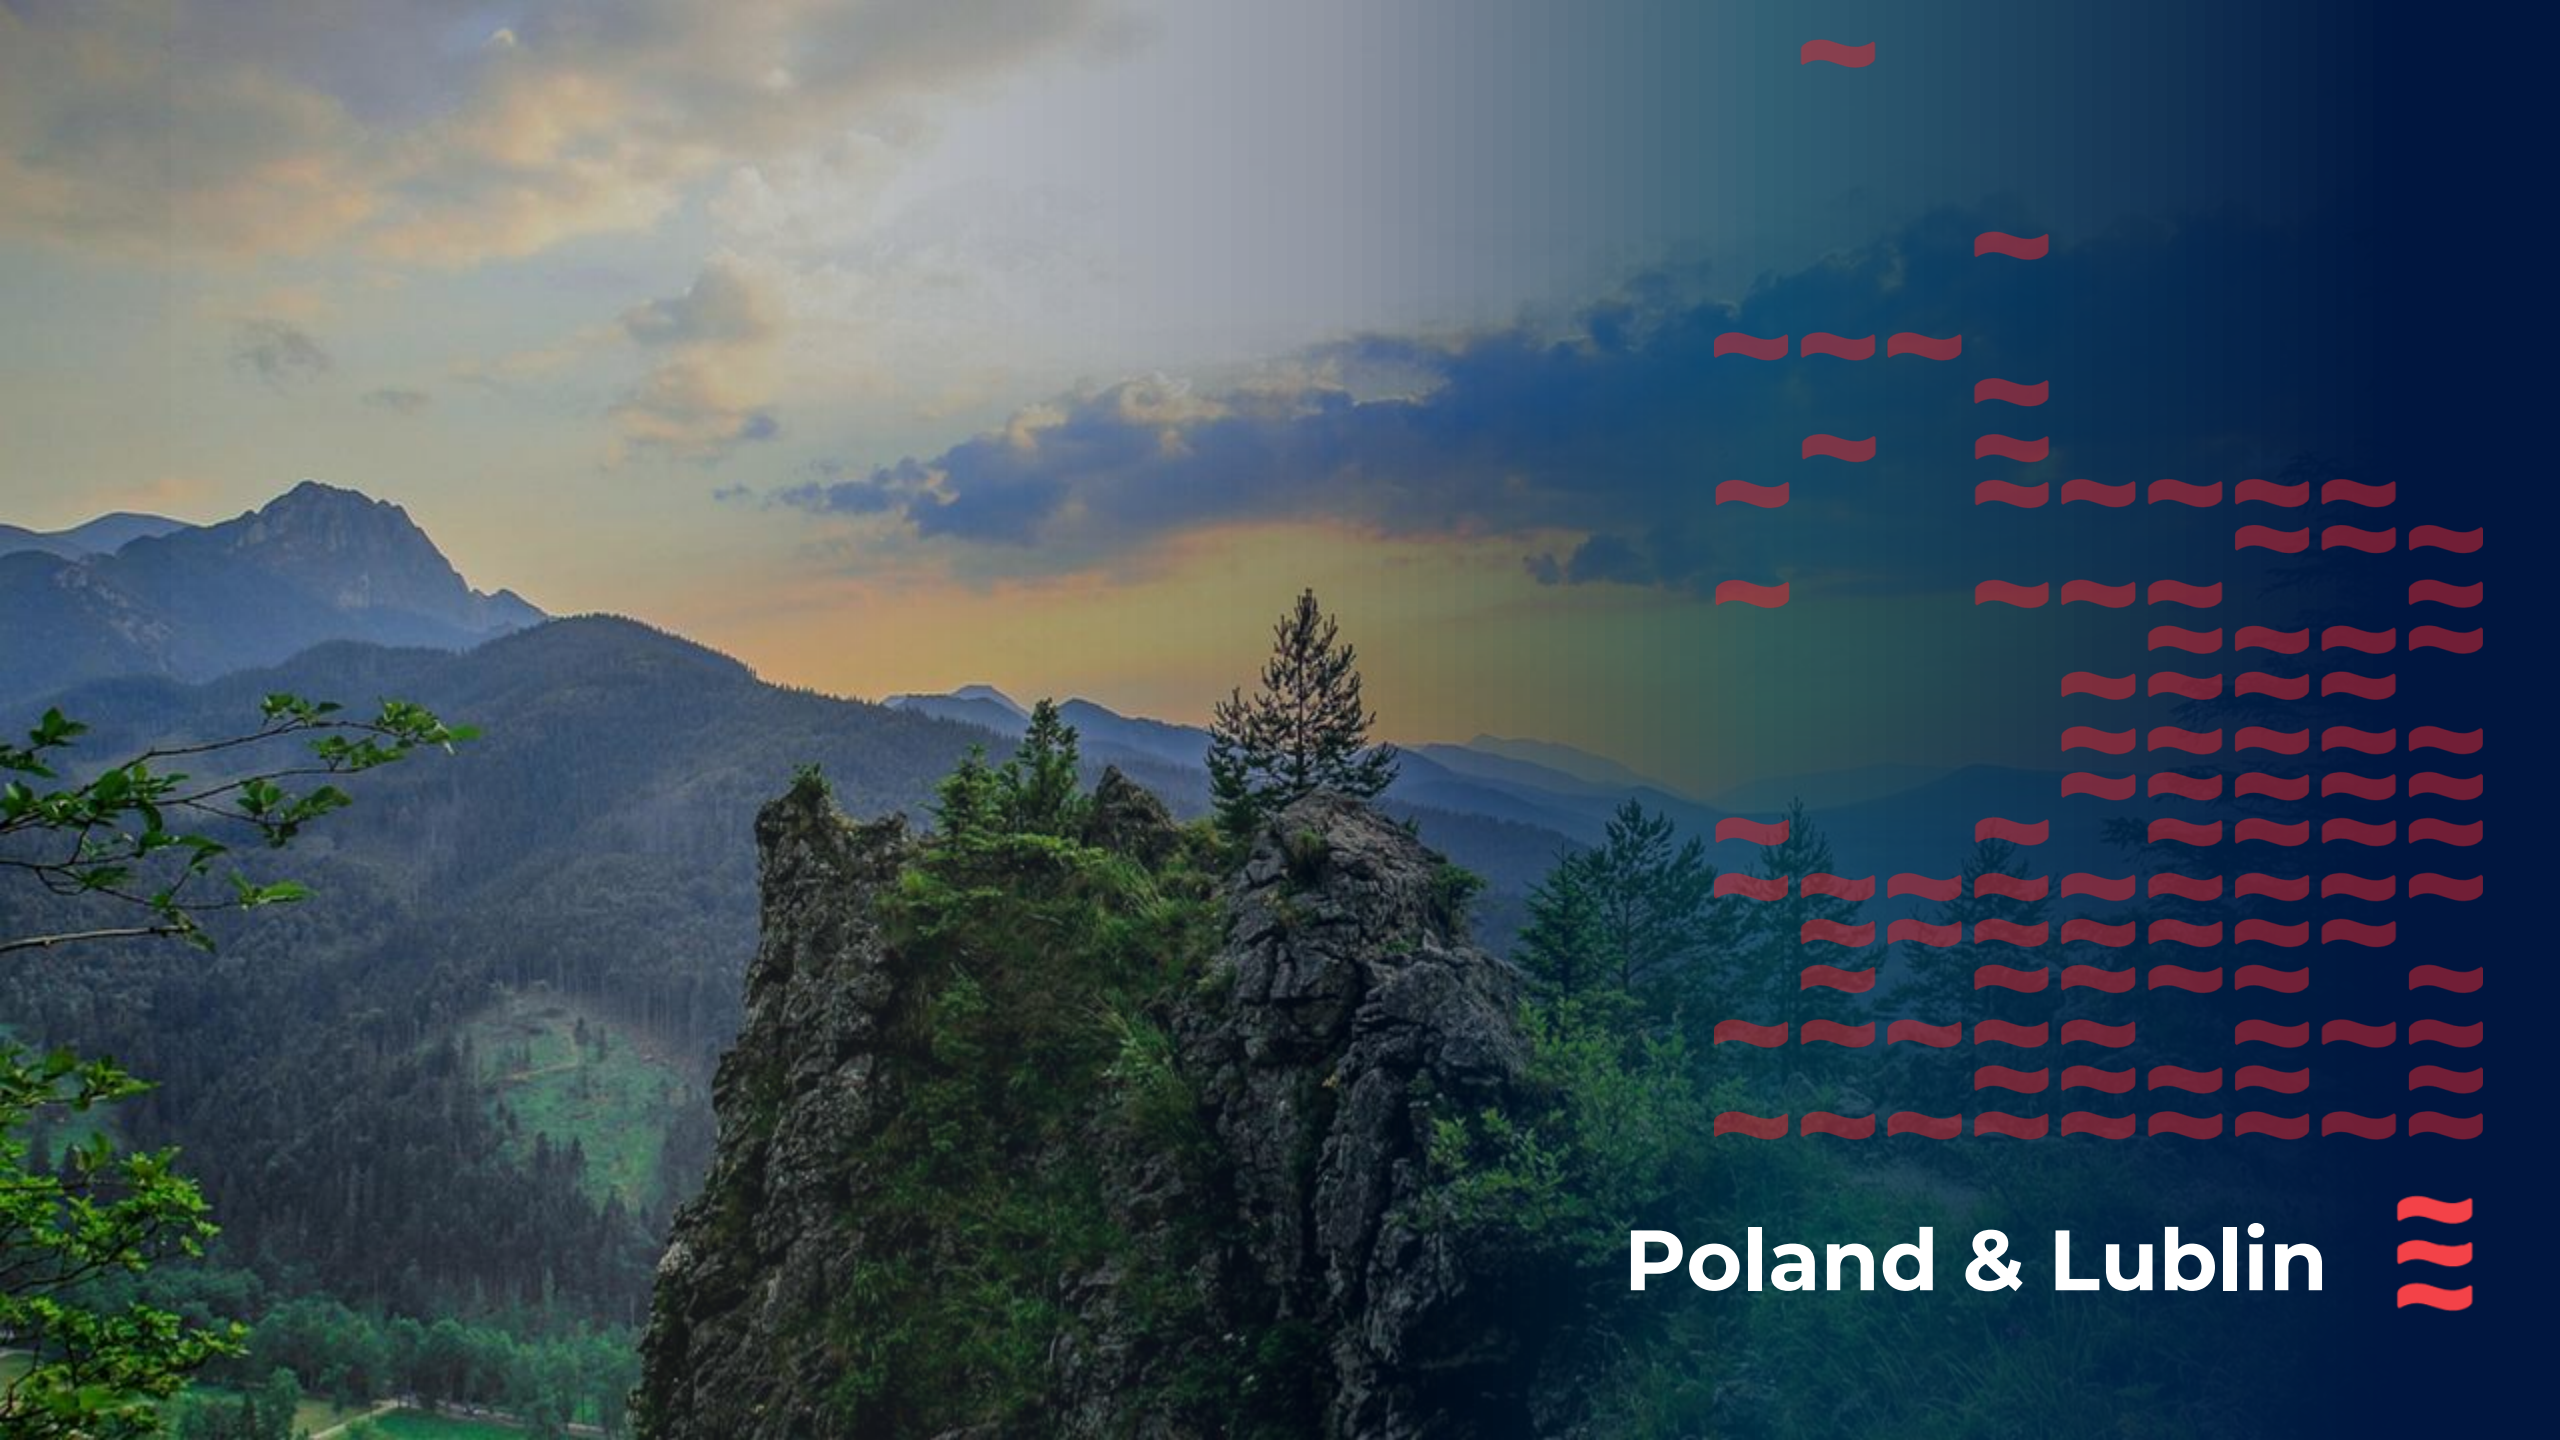

Otylia Jędrzejczak

POLAND

See you in Lublin

Lublin is the largest city in eastern Poland, located about 170 km southeast of Warsaw. With a history dating back to the 9th century, it is a vibrant academic, cultural, and economic center of the region. The city combines the charm of a historic old town with the energy of a modern European hub

Lublin is well known for its beautifully preserved Old Town, Renaissance architecture, and unique multicultural heritage. Over the centuries, it has been a meeting point of cultures and traditions, which shaped its open and creative character. Today, the city is home to several universities, dynamic cultural festivals, and innovative businesses.

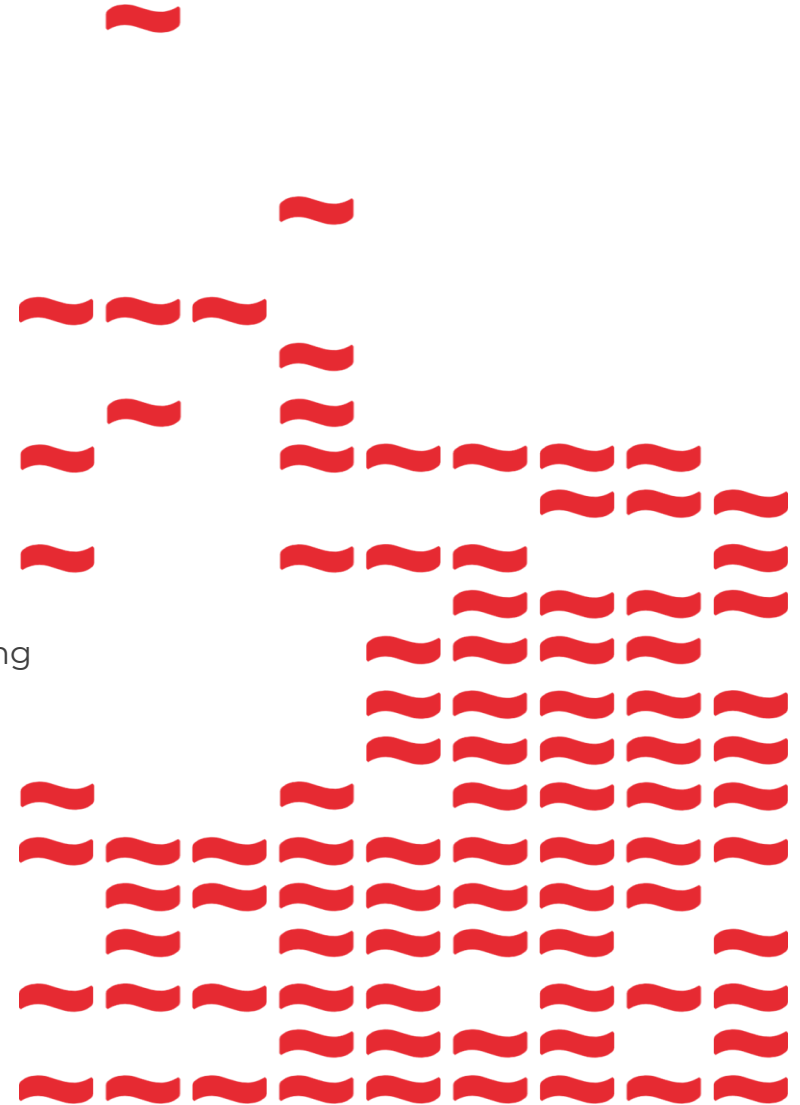

The city hosts major international events, and its modern Aqua Lublin aquatics center is one of the best swimming facilities in the country

Lublin

Castle and the Chapel of the Holy Trinity

The Lublin Castle is one of the city's most important landmarks, combining centuries of history with remarkable architectural value. Its jewel is the Chapel of the Holy Trinity, famous for its unique 15th-century Byzantine-Ruthenian frescoes, which blend Eastern and Western artistic traditions. Visiting the castle offers not only an encounter with history but also a panoramic view over the city from the castle hill.

Old Town

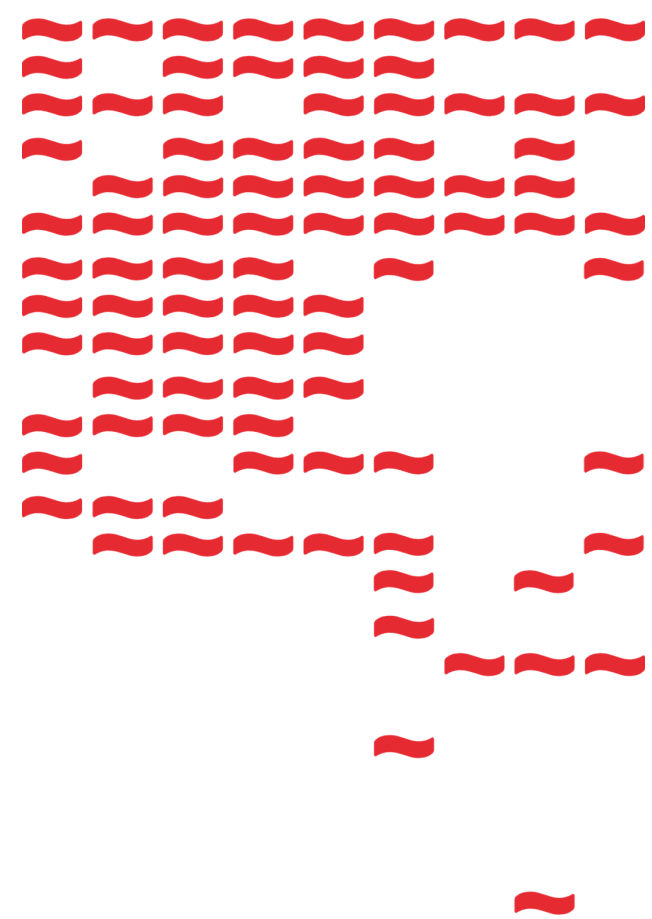

Kraków Gate

Lublin's Old Town is a charming maze of narrow streets, colorful Renaissance townhouses, and cozy squares. At its entrance stands the Kraków Gate, the city's most iconic monument and symbol of Lublin. The Old Town is the cultural heart of the city, filled with cafés, restaurants, and art galleries. Strolling through this area feels like stepping back in time, while still enjoying a vibrant modern atmosphere.

Centre

for the Meeting of Cultures

This modern architectural landmark represents the spirit of contemporary Lublin – a city open to art, culture, and dialogue. The Centre for the Meeting of Cultures hosts international concerts, theater performances, exhibitions, and conferences, making it a dynamic hub for creativity and cultural exchange. Its striking building, with terraces and gardens, also provides a unique space to relax and enjoy the city from a different perspective.

Saski

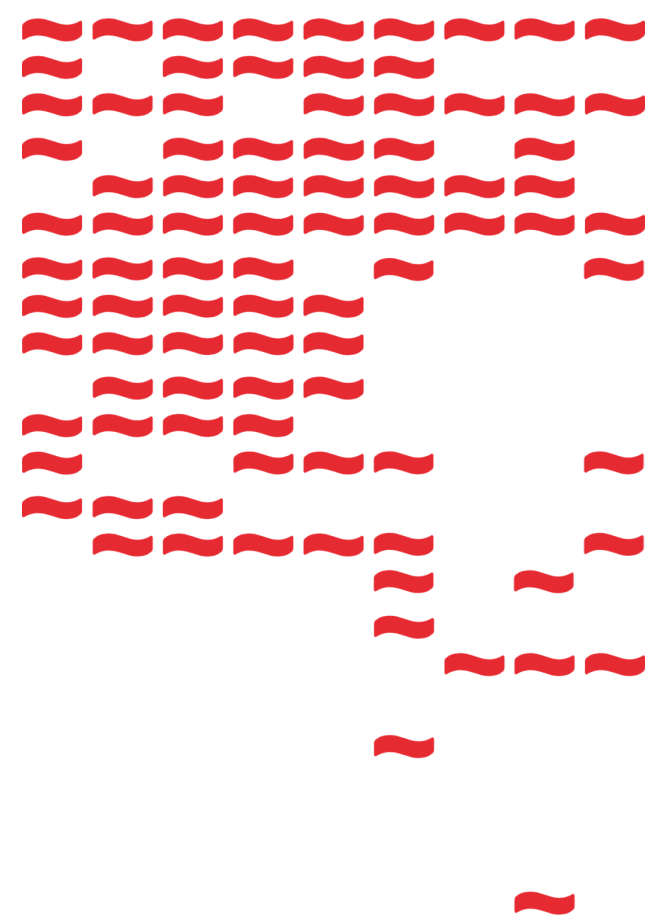

Garden

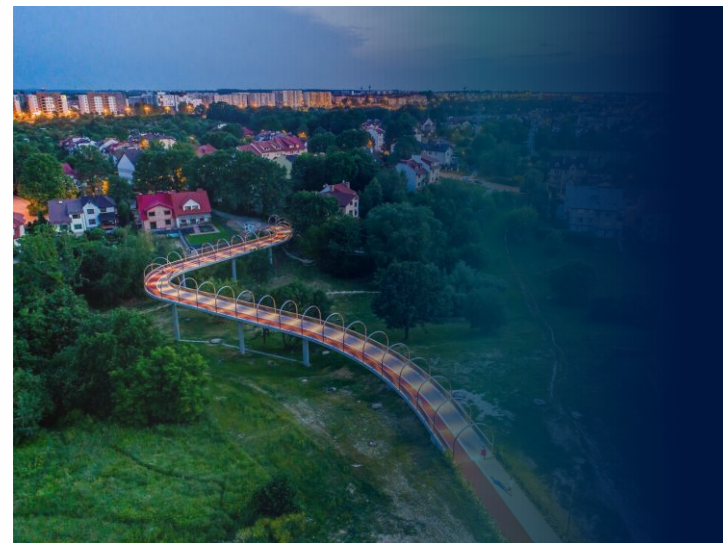

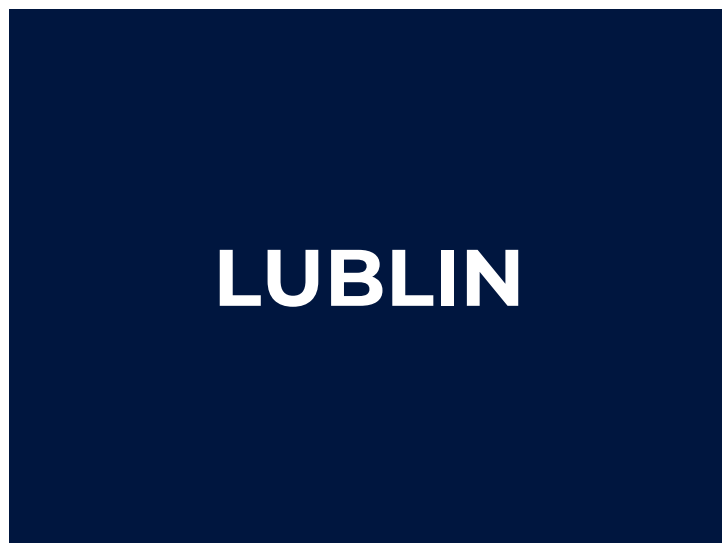

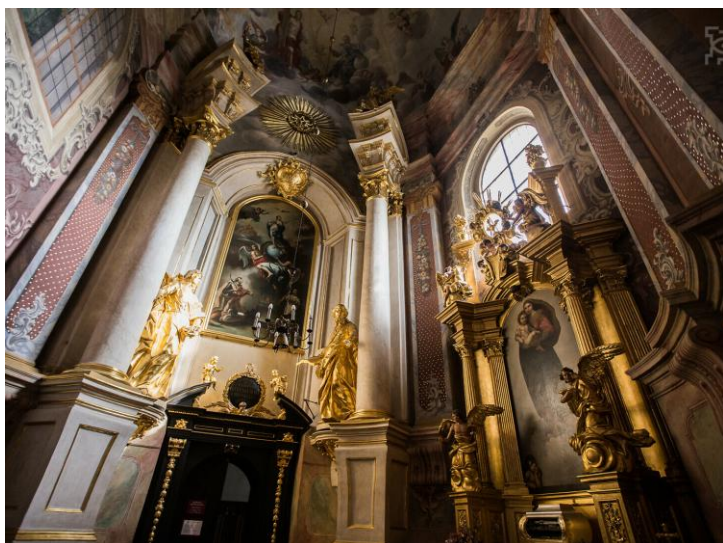

Established in the 19th century, the Saski Garden is Lublin's historic city park and a popular green oasis for both locals and visitors. Carefully restored in recent years, it combines beautiful walking paths, fountains, sculptures, and old trees that create a perfect setting for leisure. The park is a peaceful retreat just a short walk from the bustling city center, offering an ideal spot to relax between competition days.

Food

When visiting Lublin, tasting the local cuisine is a must

The city's symbol is the Cebularz lubelski, a flatbread with onion and poppy seeds, crispy and flavorful. Another specialty is the Pieróg biłgorajski, a baked dish of buckwheat, potatoes, and cottage cheese, hearty and unique. Lublin is also known for Forszmak, a thick soup with meat and vegetables, often served in bread. These regional dishes perfectly reflect the city's culture and hospitality.
