## HOW WILL TESTING BE CONDUCTED

- 1) Each Federation must select ONE designated athlete per age group in both the female and male categories.
  - It is the responsibility of each Federation to decide what process they are going to use to select their athletes to compete in the World Virtual Dry Land Artistic Swimming Games.
  - They can choose to host their own selection process utilizing the zoom platform to engage as many athletes from their Federation as possible.
  - It is recommended that each Federation utilize their Domestic Judges to take part in the selection process.
  - Federations with multiple regions may utilize a staggered selection process culminating in a National final selection of athletes.
  - Federations that participated in the UANA Online Virtual Competition June 20th may choose to enter the athletes that placed the highest in each category as their entries for the Worldwide Virtual Games.
- 2) Coaches of selected athletes must attend an online coaches/team managers meeting provided by UANA on **Thursday, July 23rd at 10:00am EST**
  - An email will be sent to all coaches with login details to review prior to the meeting.
  - It is strongly encouraged that coaches attend the meeting so that questions can be asked if needed and that they will be able to assist their athletes in preparation for the competition.
- 3) Following each Federations selection process a designated registrar must submit the names and ages of the athletes to UANA Organizing Committee member Esther Croes
