## Follow future stars of European Water Polo on our OTT channel and App!

### Invitation to share European Aquatics PR materials to increase awareness

Dear Colleagues,

As part of our ongoing digital transformation, European Aquatics is delighted that the upcoming editions of the U19 Water Polo Championships will be live-streamed on our OTT Channel with live results available on the EURO AQUA App.

The Women's event starts this Saturday 24 August in Zagreb, Croatia (continuing until the 31 August) with the Men's event taking place in Burgas, Bulgaria on 1-7 September.

**With your help, we will be able to directly connect with Water Polo enthusiasts at the national level and encourage them to follow these top-class U19 events.**

We would appreciate the support of National Federations in helping to share promotional content that is currently being pushed out from European Aquatics platforms. For access to these assets please contact: [socialmedia@len.eu](mailto:socialmedia@len.eu).

By downloading the **EURO AQUA App**, users can access schedules, results, and news and engage fans with an enhanced event experience. The App can be downloaded for free from the Apple and Google Stores.

The OTT TV platform can be accessed here:

[www.euroaquaticstv.com](http://www.euroaquaticstv.com)

You will find full details of how to sign up to watch games on the live stream, with the option of purchasing a full package for all matches or individual days. Each match will include commentary from the top European Aquatics WP Commentators as well as TV graphics.

Thanks in advance!

**European Aquatics Water Polo Team**
